ABOUT MEG ANDERSON

I work as a professional photographer in Melbourne, Australia. First and foremost, I am a wife and a mother to three wonderful children—twin girls, Mia and Aria, who are four years old, and a very active little boy named Harvey, who is two years old.

Photography has been a significant passion of mine for many years. However, it's only in the past 2 years that I decided to turn it into a profitable hobby. Surprisingly, it doesn't feel like work at all. I can immerse myself in it for hours and days until my husband calls, urging me to come home.

I am best known for my honest and timeless photography style. With a unique talent for encompassing raw emotion in a frame. I am often told I bring ease to my couples who may be nervous or uncomfortable in front of the camera.

I find myself most inspired when capturing a love that sets every heart in the room alight, leaving you with a visual portrayal of the unparalleled love shared between souls
