## WHY WEDDINGS LIGHT ME UP

### *Making Your Ceremony Unforgettable*

Fourteen years ago, I attended a wedding ceremony and had one thought: "I could totally do this better." Not in an arrogant way, just in that passionate, slightly sassy, "let's make this actually fun" kind of way. And ever since, that's exactly what I've done.

As a celebrant, I thrive on crafting ceremonies filled with warmth, laughter, and genuine storytelling. Each ceremony is a perfect balance: your story, your vibe, and most importantly, a true celebration! I absolutely love what I do, because honestly, delivering laughs, joyful tears, and heartfelt moments in front of your favourite people, is kinda cool.

People always ask me: "Is it really worth having a wedding?" My answer is always a big, bold, enthusiastic YES. Imagine having every single person you love most, gathered in one room, witnessing your commitment to your forever person. The atmosphere is electric, ecstatic, and unforgettable.

That's exactly why I'm hooked, celebrating love and bringing those unforgettable moments to life.

OVER 100 FIVE STAR GOOGLE REVIEWS

## TESTIMONIALS

Striking the right balance between fun, warmth, your story, and of course a celebration!

"Could not have asked for a better celebrant Yazmin was amazing. She listened to what we wanted and that was exactly how our ceremony was and she made every step easy. I would and will recommend her over and over again"

"Wow! Yazmin was hands down our best wedding day investment! From zoom check ins to on the day to thinking of things I had no idea or even thought about, Yazmin exceeded expectations"

"Yazmin brings so much fun, freshness and excitement to the ceremony. We wanted someone to find the perfect balance between making people cry and making people laugh and we found that in Yazmin. We have had SO MANY of our guests say our ceremony was the best they had been to."

## WHY DO I GET SO MANY 5 STAR REVIEWS

Because I go well beyond reading a script. I arrive early to check in with your venue, photographer, and musician, and to make sure you and your partner feel calm and ready. I take the time to get to know you both so your ceremony feels personal and truly reflects who you are. I connect with key family members, banter with guests, and balance the fun with heartfelt, meaningful moments. Knowing when to bring the laughs and when to simply hold space. It's all the little things that make your ceremony feel relaxed, genuine, and unforgettable.
