First Meeting

Over a drink or Facetime

This is a chance for us to swap stories, questions, laughs and at the end you can decide if I'm the celebrant for you with no pressure to commit before you've weighed all your options.

Getting the Party Started

Once you've notified me you're ready to move ahead I email you two things:

- A link to my online sign up form (www.petethecelebrant.com.au/wechoosepete); this provides me with all the information to prepare your legal paperwork.
- Your booking invoice which is half the total rate.

Story Time

Second Catchup

This time we get down to business over a coffee or something a little more exciting.

We sign your first legal document (NOIM) and I check your legal documents which I'll ask you to bring beforehand (Birth Certificate, Passport and Driver's License).

Then I get to hear your story, we laugh at all the things we won't put in there and we chat about some finer details.

Story Crafting

The Magic begins

Once I hear your story and we decide on the direction you want to go - I begin creating your ceremony.

I'll send you the first draft at least one month before the ceremony and for any tweaks and sharpening until we're both satisfied.

Rehearsal

Face to Face or Facetime

Prepare for perfection! It's about deciding how you're going to stand together, who's holding the microphone and who has the rings?? Then we sign the 'No Legal Impediment to Marriage' and we're almost set for the day.

Ceremony Ready

Almost there!

I take home the final edits we decide from the rehearsal and send you two things:

- Your updated and completed Ceremony so you can check everything.
- Your final invoice which is the second half of the total rate.

Your Big Day!

Get Ready Muriel!!

Dressed in our best we have the most incredible, personal and authentic ceremony that will leave both yourselves, friends and family with wonderful lasting memories.
