

TRUST YOUR LOVE STORY TO SOMEONE WHO CAN DO IT JUSTICE

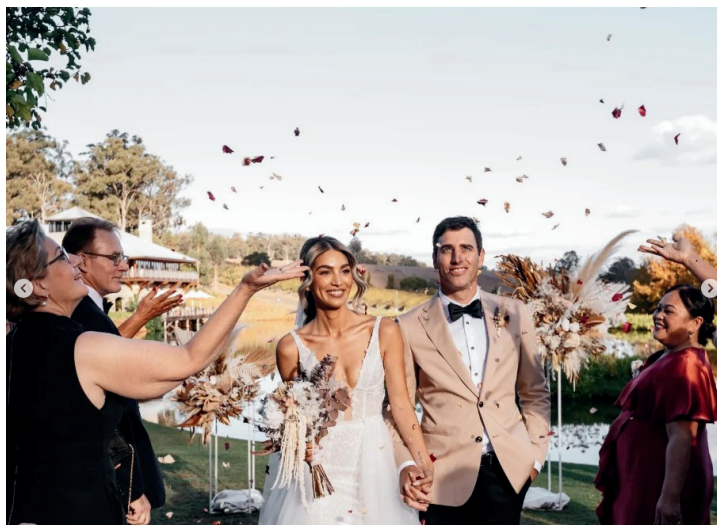

Whether it is writing your own vows, having your story told, making you laugh, making you cry, an unplugged wedding, getting your kids or fur babies involved or colour coordinating my suit, you're the boss and I'm here to make sure the wedding is exactly how you want it to be.

I have built up the experience, and reputation, that guarantees couples get the kind of celebration of their relationship that they have always wanted. Sure, anyone can fill out legal paperwork and say a speech, but do they create a sense of occasion?

Delivering a ceremony that not only has the couple laugh with each other and share some awwwws, engages the crowd yet makes everything about the couple, and gets your guests coming up to you to say how incredible that was?

MY EXPERIENCE CREATES YOUR EXPERIENCE

@lukefirthcelebrant

RELAX.
YOU DON'T NEED TO
KNOW WHAT YOU'RE
DOING, BECAUSE
I DO.

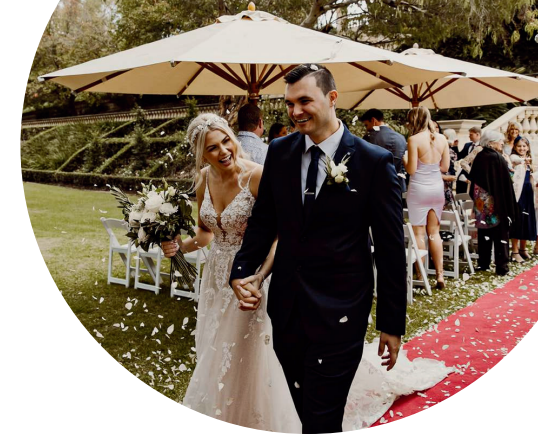

I don't offer different confusing packages, everything is all inclusive. Legal paperwork, PA system for audio, personalised ceremony, travel, GST... everything that a celebrant could do leading up to and including the ceremony.

There are over 1,000 wedding celebrants in Perth, officiating over 12,000 weddings a year in WA. Trying to source quality wedding vendors can be hard, but don't compromise on the best.

Make sure you choose a celebrant with a proven track record, who does this as their career, not just a part-time hobby.
