# Hello there!

I'm Grace Deavin, a contemporary celebrant based on Sydney's Northern Beaches. I adore weddings. Who doesn't? It's the most special day, where all of your people are in the one place, to hold witness to the ultimate grand gesture, your declaration of love and lifelong commitment to your significant other.

Wedding planning is complicated, but the ceremony shouldn't be... Couples want a ceremony that is simple, memorable, relaxed, fun, and feels like THEM. The ceremony is the magnificent glittering gateway to the best day/night of a couple's life and it should start off with a bang, some belly-laugh and maybe a few tears. I'll be there to hold their hand and pop the bubbly!

# Meet Grace

I'm an excitable, fiercely-loving adventure seeker and I'm completely obsessed with love stories. I create ceremonies that are relaxed, intimate, tear-jerking and deeply personal.

My TOP priority is getting to know you, and creating a ceremony that reflects you as a couple to a T. My wedding day mission is to put everyone at ease, make everyone feel welcome and included, and be your number one hype girl/organisational queen, ensuring everything runs smoothly on the day.

Outside of a celebrating love with passion and gusto, I'm also a dietitian. My interests include bottomless brunches, potluck dinners, book clubs, assembling cheeseboards, thrift shopping, laughing at my own jokes and exploring the world with my adventure buddy/husband Matt.

"I became a celebrant because I couldn't think of a better or more fun job in the world than to be with happy people on their happiest day and be privileged to play a part in creating a sacred memory that will last a life time."

# How It Works

## 01 BOOK A DISCOVERY CALL

We'll tee up a no-obligation meeting over a coffee/spritz/zoom so we can get to know each other. You'll tell me about your wedding ceremony vision and I can run through all the proceedings and answer any burning questions.

## 02 DESIGN TIME

Once booked, I'll send you through a stack of resources including my lover's questionnaire to collect all the juicy details on your romance. Then I'll get to work on your ceremony script, and keep you informed along the way to make sure you're 100% happy!

## 03 THE BIG DAY

Time to get you hitched! I'll arrive bright and early on the day, and be on hand to make sure everything runs smoothly. After you've said your vows and the union is signed, sealed and delivered, I'll pop off to the BDM to register your marriage. Its official!

# Testimonials

## Brett & Amelia

"Grace married my partner and I and we couldn't have been happier. Grace is so incredibly thoughtful and such a kind soul. She is an absolute professional that oozes charm and charisma. You can really see she LOVES doing what she does. She is an incredible celebrant but also an incredible human – our day was so magical and we couldn't have done it without her reassurance and guidance every step of the way. She pays attention to the smallest details and conveyed both of our stories in a beautifully charming, funny and considerate way. We are very grateful to have Grace apart of lives forever and couldn't be happier with the result."

## Caitlin & Sam

"We feel so lucky to have had Grace as our celebrant on our special day. From the very start, Grace filled us with calm and confidence that is invaluable when planning a wedding. We wanted a not-so-traditional ceremony for our backyard wedding and Grace was on board straight away, helping us with suggestions to make the ceremony even more special!

On the day, we and our guests were simply blown away by Grace's charisma and storytelling. She was genuine, compassionate, and had great comedic timing. After the ceremony, even our closest friends came up and asked if Grace was an old friend they hadn't met before! Thanks again for being an instrumental part to the success of our big day."
