## MARRIAGE CEREMONY

Many couples today are choosing to have a non-religious wedding ceremony. Your special day can include optional ceremonies such as a sand, candle, butterfly and blended family ceremonies and more.

## RENEWAL OF VOWS CEREMONY

A way for couples to publicly recommit to their relationship by expressing their enduring love for one another. The ceremony is sentimental, rather than an official legal event. A vow renewal is a wonderful way to commemorate an important milestone, such as a major wedding anniversary or important personal milestone.

## COMMITMENT CEREMONY

An option for couples to show their love and dedication to one another, without the legal requirements of marriage. Commitment ceremonies can be used when couples are not legally allowed to marry, or for those who do not want to follow the standard marriage contract.

## NAME GIVING CEREMONY

A modern, personalised way of formally welcoming your child into the world. The ceremony can be for a baby, or a child of any age. They can be for a single child, or for all your children in a family naming ceremony. You can give your child godparents, mentors or guardians.

# Ceremony Location

## UPS~N~DOWNS

Ups~n~Downs is a country wedding ceremony location, just 15 minutes from Mackay. Featuring a grassed area nestled amongst the gum trees with a lagoon, it creates beautiful backdrop for photos.

**Karen offers a package as celebrant and for the venue.**
