

About Us

Introducing Perth's newest open-air digital photobooth service. Our digital photo booths feature an aesthetic design and easy to navigate touchscreen interface. Choose between a mirror face booth or a classic black finish.

The attractive and modern design, teamed with our range of on-trend backdrops, will ensure your Photo Booth is a stand-out feature at your wedding reception.

At Perth Social Booth we understand that your wedding is unique to you and will work closely with you to ensure your package is tailored to suit your individual needs.

Our Service

Our packages include delivery and set-up in all Perth metro areas, a backdrop of your choice, photo and digital template design service, red carpet with bollards, a range of props, and unlimited prints for your guests. Your guests will love being able to share their customised photos straight from their phones to social media.

Prior to the event, we provide you with a unique online Event Proposal that outlines all the details of your booking, as well as a mockup of your print artwork and digital templates. You'll have exclusive access to a complete gallery of photos, gifs, boomerangs, and guest videos through a provided link.

We welcome any questions or special requests you may have. Please don't hesitate to contact us, we'd love to hear from you!
