SUSTAINABILTY

We at the Speakeasy Hotel take sustainability & green event practices seriously.

We provide biocups and source local as much as possible. We also encourage you to employ effective recycling and waste management systems to ensure your party or event also loves the earth.

**Please note, for events in the 24/25 season (August 2024-May 2025) and the 25/26 season, we will add an additional 5% respectively to account for inflation. This is an unfortunate but necessary addition for our business to remain viable.

We thank you for your understanding.
