Ready to take this further? Contact our events team with your chosen package and any additional products and services you may require.

We will ask any other important details that we may need to ensure we deliver a successful event for you. Our events team will put together an Event Order with all your event details, selected inclusions, and timings of your event. This agenda needs to be finalised 30 days prior to your event to ensure we are organised and scheduled accordingly prior to the event.

What do I do about the drinks?

We are licensed for BYO. This means you as the client are required to purchase any alcoholic products. We can provide everything else if you include mixers and ice in your summary.

Once you have selected a package with us, we will provide you with our expert advice on what alcohol to purchase, and how much to purchase, and construct a beverage menu together for your special event.

Important to note:

You as the client are required to provide all alcoholic beverages. Limehouse Events can supply the ice, garnish, and mixers (soft-drink etc.) if you include it.

If you select one of the packages including glassware; it is important to note that we require some form of access to a water supply. It is preferred, but not required that we may set up as close as possible to a tap so that we can efficiently provide a wash station for the glassware being used. If we cannot be set up next to a tap, so long as we are within walking distance to the bar to be able to transport water.

The removal of any event rubbish or disposables is not included. We remove all our hire equipment from site post-event. We do not remove any consumed beverages, e.g. empty wine bottles, beer cans, general waste etc.

Tray service is not included in the listed packages. Guests must attain their drinks from the bar. Additional staff can be requested at an additional cost to provide floor or tray service.

Billing Options
