Introducing our luxurious
Tiramisu Mobile Cart

*Some desserts are
simply eaten, while
others are experienced.*

Some desserts are simply eaten, while others are experienced. The Travelling Tiramisu isn't just about dessert – it's about tradition, indulgence, and creating unforgettable moments.

Born from a shared love for Italian cuisine, The Travelling Tiramisu is the passion project of Lucy and Michael – a husband-and-wife duo with a deep appreciation for the art of dessert. Lucy, a devoted baker, grew up savouring the rich, velvety layers of homemade tiramisu, inspired by generations old family recipes. Michael, equally enchanted by the charm of Italian hospitality, joined Lucy in her mission:

"To create timeless memories, one slice of tiramisu at a time."

Michael designs and builds the carts himself using his carpentry skills.

Together, they bring Italy's most beloved dessert to weddings and special occasions with their charming mobile cart. Each tiramisu is lovingly handcrafted using only the finest ingredients, ensuring every bite is as authentic as it is unforgettable.

So, why settle for an ordinary cake when you can offer your guests an extraordinary experience? With every spoonful, The Travelling Tiramisu transports you to the heart of Italy – no passport required.

Traditional Tiramisu
A classic coffee-infused delight

Pistachio Tiramisu
A nutty, luxurious twist on an Italian favourite
