All drinks are supplied by you, so you can choose all your favourites within your budget for your guests to enjoy.

Some events may require that a private event liquor licence needs to be obtained by you.

This is able to be done online and is a very easy process!

van and staffing hire

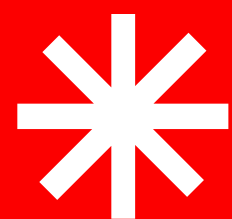

We hire Gertrude out for anything your heart desires, she's been an oyster shucking station, a DJ booth, a merch stand, sample stand, a hydration stop, a festival bar – her versatility is endless!

This option means you can put our fabulous staff in her and together make some s sweet magic.
