Who is Heavenly Creations?

My name is Tanya and I am the Owner of Heavenly Creations.

I have completed my Advanced Certificate in Floristry at the Floral Art School of Australia and International Floral Design School and started my business first part-time next to my day-to-day office job. Today I work in my own home studio, designing and creating flower arrangements. But I am also a lucky Mum of one cheeky 8 year old boy.

Apart from being a Mum, working with flowers and foliage, combining unusual colours and textures to turn them into a wonderful piece of floral for my clients combined with excellent customer service is the best job in the world for me.

I love working with Australian native beauties and what is in season around the time of your Wedding or Event.

Heavenly Creations offers a unique boutique approach to Wedding & Event Flower design, creation, delivery and set up. My Clients deal only with me from beginning to the end and my promise is to deliver the best service, high quality of flowers and arrangements, flexibility for change and a personal approach.

Getting Married?

Congratulations on your Engagement!

In my eyes there is nothing better than the celebration of Love between two people. Yes, I admit it, I am a hopeless romantic! Weddings make me very excited and when I get the chance to bring a couples vision to life I feel very honoured to be part of their Special Day.

My passion is the artistry of flowers, quality and customer service. Designing and creating bespoke non-traditional (and also traditional), creative arrangements. Working with the most beautiful flowers and foliage available at the time of your event and being inspired by the season and its colours.

Do you have a clear idea of what you want? Or do you have, at the moment, just a colour scheme picked for your big day, or maybe you have no idea what is right for you? Maybe you are on a strict budget? It doesn't matter which one is you, my job is it to give you inspiration, ideas and show you possibilities.

I will walk you through the flowers in season around the time of your Wedding date and we will create the perfect arrangements for you.

Being a small Boutique Florist I limit the Wedding & Event bookings per day to make sure I can give all my attention to your individual flower creations, work with the best quality of flowers and making sure they are delivered, arranged and set up in perfect condition.

I am offering to my clients two different services, one is my '**FULL FLORAL SERVICE**' and the other is my '**A LA CARTE FLORAL**' service. Additionally to the Full Floral Service I also offer my **STYLING SERVICES**.
