

Christine & Rose Flowers

Wedding Packages info.

I would love to help with flowers for your upcoming wedding!

Generally, I don't have strict packages as I prefer to create a custom, itemised quote for each couple.

I work based on the flowers and style that would work best for the venue and what you love.

The cost does depend on the size of arrangements and the types of flowers used. Generally speaking, bridal bouquets start from \$280 and buttonholes are \$30 each.

For other flowers the cost would depend on a few factors...

What venue have you booked for the ceremony and reception and how many guests will be attending?

If you have any inspo images of wedding flowers or arrangements that you love, please feel free to send them through so that I could put together an estimate for you.

That said I have put together a couple of general wedding packages to help give you an idea on costs. You can find this below/ on the next page.

I would love to arrange a time to chat over the phone or meet in person 😊

Thank you.

Warm Regards,

Gemma
