# Testimonials

Toni & Benjamin

Amazing work, worked on tight schedule with multiple people who look different and had different needs. Went above and beyond with my MIL who had severe health complications to make her feel beautiful.

Worked really well with different hair styles, textures and ideas. Helped bride feel like a princess and troubleshooted issues without fuss or stress placed on wedding party

Nicole & Sam

Sarah was awesome from the beginning. She was prompt with responding to messages and queries. She is a beautiful person and made us all feel glammers on my wedding day.

She is very professional. Would recommend her 100% and will use her again

# Testimonials

Vittoria

Sarah was amazing! She was approachable and easy to talk to regarding the vision I had for my wedding. When I had doubts about what we initially decided my hair was going to be, she reassured me and was quick to set up a second trial to ensure I had a hair style I was happy to have for my wedding day. Thank you!

Tiffanie

Sarah did a wonderful job on my wedding day. She made sure that not only myself as the bride was loved and valued but also each of my bridesmaids, my bridesman and my mother. Her priority was always us first no matter what.
