# ABOUT ME:

---

I'm Chantelle, a freelance hair and make up artist based on the Central Coast NSW. I have been a make up artist for over 7 years, and have done hundreds of weddings, photoshoots, and more.

Make up is truly my passion, there isn't a day that goes by where I'm not cleaning brushes, replying to brides, restocking my kit, or consuming way too much Tiktok to find the newest products on the market.

I am diploma qualified in hair and make up, and have a Certificate 3 in Make up as well. I was mainly self taught until 2020, when the world shut down and I decided to spend my spare time to get a qualification in my true passion.

I absolutely love weddings, it is such a rewarding experience working with brides towards the happiest and most memorable day of their lives. You can be assured that I will bring calming energy to your bridal morning, and no request is too much!

# FREQUENTLY ASKED QUESTIONS

## **How much time should I leave for make up?**

Make up takes rough an hour per person, and slightly longer for the bride. Hair can take between 30mins - 1hr depending on your hair type, thickness and desired style. I will supply you with a schedule in the lead up to your wedding so everyone in your party will know their call time, and we can use the schedule as a guide for a stress free morning

## **Will my make up last all day?**

Yes - I always take into consideration your skin type, the weather, time of the ceremony etc to ensure your make up lasts all day and night. I have been specifically trained in Bridal make up, which uses certain techniques to increase longevity. You can rest assured knowing your make up will not budge!

## **How do I touch up my make up through the night?**

It is normal for make up to need a touch up for maintenance, especially if you have oily skin or if its a very hot day. I provide all my brides with a complimentary touch up kit which will include cutips, a powder puff, beauty blender, and your purchased lip product. I will go through your personal touch up explanation on the day and answer any extra questions you may have.

## **What time do we need to start getting ready?**

I will provide you with a schedule for the morning which includes my set up and pack down time, but my end time is usually when the photographer arrives. I reccomend that the bride have her hair and make up done second last in the schedule. This is because the energy starts to rise within the group and the wedding vendors start to arrive within that last hour, so its best for her to be completely done by that time.

# FREQUENTLY ASKED QUESTIONS

## **What products and brands do you use in your kit?**

I use mostly luxury high end brands such as Charlotte Tilbury, Nars, Dior, Mac, Hourglass and Too Faced, with a few extra brands scattered throughout. I will always change my product choice to be specific to your skin type and desired look. There is no cookie cutter standard with my kit - every experience is bespoke and tailored to you.

## **Do you travel for weddings?**

Yes, I will always travel to you for the morning of your wedding. Travel fees will be included in your quote to cover time and petrol, and are based on location. If a wedding is further than 2.5hrs drive from Gosford, this is then classified as a destination wedding and does carry a different set of requirements. Please reach out if you have a destination wedding and I can run through this with you.

## **Can I book my wedding trial for my hens?**

Yes you absolutely can! It is a great way to assess your make up and how you feel comfortable in it through the night. I do however have Saturdays reserved for weddings, so let me know asap if this is something you are wanting to organise and I can do my best to accommodate. Trials are held in studio.

## **What happens at the trial?**

Your bridal trial is a great way for us to meet each other before the big day, as well as go over your look and try it all on. I will sit down with you and discuss your desired look in depth, go through inspo photos, take notes on your skin type and any allergies. I then apply appropriate skincare and the full make up. I give you some time at the end to give any feedback.. You should wear your make up for the rest of the day and assess how it is wearing and how you feel, and let me know if you'd like to make any adjustments. I take notes of all products used and all feedback given to prefer back to.

# FREQUENTLY ASKED QUESTIONS

## **i'm not used to wearing make up, can you make me look natural?**

Absolutely! I can create your perfect look, whether its super full hollywood glam, or more natural and effortless. I will always listen to your requests and discuss our options, to make sure your look is perfect for you. I carry foundations in my kit which are very sheer coverage, medium, and full coverage, so if you want a look which is more natural I can use a sheer coverage on you and will continue to check in through the service to ensure you're happy.

## **How and When do I organise my trial?**

After securing your wedding date by paying your deposit, call or email me and we can book in your trial. I recommend having the trial 6-8 weeks before the wedding, as skin/hair conditions can change, as may your decisions on accessories and styles. In saying this, if you would prefer your trial done earlier than this, that is fine with me too.

## **Can I provide you with inspo photos?**

Yes - I absolutely love when brides have inspiration photos for me. This ensures we are on the same page and that nothing gets misunderstood. For example, the term 'smokey eye' means something different to everyone. Please provide 2-3 inspo photos, and have a think about what it is exactly that you love about each photo - is it the highlighter, the lip colour, the skin, the eyeshadow colours etc. Try to pick photos of people with similar features and colouring to you as well as this will help.

## **Will you do a touch up on the day?**

Yes - I always leave an extra 20 minutes before I leave to do touch ups. I am available for hire to do post ceremony touch ups as well. Please let me know if this is something you would like to enquire about.
