# Hello there!

My name is Jessica, and I'm a professional makeup artist with over 10 years of experience, specialising in weddings and special events.

Over the years, I've had the pleasure of working with many beautiful brides, creating looks that enhance natural features while still feeling comfortable and true to you. Whether you're after a soft, glowing glam or something more bold and festival-inspired, I love bringing each client's vision to life and making sure you feel confident and amazing on your special day.

I understand how important it is for your makeup to last, photograph beautifully, and suit your personal style. My goal is to create a relaxed, enjoyable experience while delivering a flawless finish you'll love from start to finish.

I would absolutely love to be a part of your day and help make it even more special.
