DESIGN PROCESS & F.A.Q

1 | BROWSE STYLES & IDEAS

To better direct me please consider the style, tone and the mood you envision for your event, it's always a great idea to browse the web and collect images which reflect the look you are after. I love to be immersed in all the details so I can completely grasp the overall feel of your special day and create a design that flows from one event detail to the next.

2 | CONSULT

I would love to learn more about your perfect vision for your Invitation, Stationery & Signage. We discuss your ideas, what inspires you and a little more about the event and yourself, perhaps something special to incorporate in the design. You're invited to book a complimentary consultation with me where you can browse samples, select from hundreds of paper stock, discuss matching stationary options and customise a design solution perfect for your event. 50% Deposit required to proceed.

3 | DESIGN + REVISIONS

I will begin designing based on your vision and any specific details discussed. An Initial draft of the design/s will be provided where the first round of feedback is required. Taking on your feedback I refine the design followed by a second round of revisions to make everything perfection before a final design approval is provided. (Two revision rounds are included, further revisions will be additional).

4 | DESIGN APPROVAL

Once your design is finalised a digital proof is provided to you for review. Prior to approval please check closely for correct spelling/details ensuring that all information is correct as I will not be held responsible for any print errors.

5 | PRODUCTION + DELIVERY

After design/s are approved the remaining balance is due, once payment has cleared the designs will go into production. Production takes 1-2 weeks, as soon as your designs are ready I personally check each piece of stationary and package it up with love, ready for delivery.

LOCATION |

I am based in Sydney Australia - feel free to book a complimentary consult with me and we can go over your vision while we sip on coffee at a local cafe or I can stop in for a home consult. Office Space coming soon! Watch this space!
Not in Sydney? I work remotely so feel free to make contact me from wherever you may be!
We can email, web chat, consult over the phone or face time. What a difference technology makes!

WHEN TO BOOK IN |

I recommend booking in as soon as possible as there are limited Bespoke Availabilities.

TURN AROUND TIME |

Ideally I would like for you to allow 6-12 weeks to have your invitations Designed, Sealed & Delivered. I can certainly have these out sooner but its always best to allow ample time - Great Design is in the Details!

WHEN TO SEND OUT INVITATIONS |

I recommend sending invitations out approximately 6 months before the big event. If travel is involved I recommend sending invitations out 9-12 months before, this will allow guests to make arrangements. RSVP return dates should be 6-8 weeks before the event, allowing enough time to finalise your guest list and organise on-the-day stationary & signage such as place cards & seating charts.

SHIPPING |

\$30 Shipping Australia Wide. Please contact me for International Shipping.
