

Make Your Own Wedding or Commitment Ring

Make Your Own Wedding or Commitment Ring

Your wedding/commitment band is one of the most important pieces of jewellery you'll ever wear, and a ring handmade by you or your partner is even more special.

We offer two types of private wedding ring workshops for couples:

Formed and Forged Wedding Band Workshop - full day

In this workshop, you work directly with the metal to make a ring in one day. You can apply a hammered or brushed finish, or polish your ring to a high shine.

Carved and Cast Wedding Ring Workshop - two half days

If you need your wedding band to fit around your engagement ring or want a truly unique ring, then this workshop is for you. Spend half a day learning to carve a ring from wax. During the week, your wax carved ring is cast in either sterling silver or gold (for an extra fee). One week later we gather again to finish making your ring.

You can also make your wedding or commitment ring in a group Silver Ring Making Workshop. For an additional fee, you can make your ring from gold, prices start from \$100.

Workshops are held in Kyneton and private couples workshops are available seven-days-a-week. You can book online or you can call Bec on 0457 700 070 to arrange a date.
