

# Mem Davis Music

The perfect music for  
your celebration

Weddings | Corporate | Private Events

# Professional Entertainment

Perfect for weddings, private parties or corporate events, our live music sets the tone—from intimate acoustic sets to high-energy, full-band performances.

Available as a duo, trio or quartet, with pricing tailored to your selection.

From heartfelt romance to groovy dance numbers and sing-along classics, we bring your favourite songs to life with musicians who know how to read a room.

For a truly personal touch, ask us about custom-written songs for your special day.

# FAQ

## *Can you play my favourite song for walking down the aisle?*

You bet we can! Depending on your music package, you can select up to 4 custom songs. Please give us around 3 weeks to learn it, so we can play the best version possible.

## *What background music do you play between sets?*

We have a bespoke list of songs suitable for your event. It's joyful, heartfelt and we're happy to work with you to make sure you have some favourites in there.

If you have your own special playlist, we're happy to use that... but let us save you the effort!

## *What power requirements do you need?*

1-2 standard power outlets will work perfectly. Check with your venue regarding power access. In an emergency, most of us in the band can use a battery-run PA. If you've selected a package with our piano player, access to power is vital.

## *Will the weather affect your performance?*

Our equipment is mostly wood or electronic, so it's really important we have adequate shelter to keep us and our gear dry and out of direct sunlight. Have a chat with your venue to organise a wet weather plan. We're pretty sure that you'd rather not get married in a downpour either!

## *My wedding is in a special location. Will you travel?*

Absolutely—with enough notice we'll go anywhere! Travel beyond our current radius might mean an additional fee, and we'll discuss this with you to make sure you get the best package possible.

## *Could we please use your PA for speeches?*

Of course. We have a spare microphone you can use too! Bear in mind that our PA is only available while we're there - once we're packed up, there's an additional hire fee.

# FAQ

## *Do we need to provide you a meal?*

Playing live music builds up a healthy appetite! If we're booked for over 3 hours, we'd love a meal each included please.

## *What happens if the ceremony is in a different location to the reception?*

It's important you let us know if any parts of your event are in different locations, even if it's only from one room to another. Moving equipment can take time and we'll need to make sure we're set up properly for each stage of your special day.

If there are lots of moves (for example ceremony to canapés to dinner and reception), we suggest using our bespoke background playlist for a smooth transition.

## *Will you arrive before our guests?*

We'll make sure we're there at least 1.5 hours before your guests are expected. That way we'll be set up and you'll have the perfect atmosphere as people begin to arrive.

Please allow us an hour to set up before dinner and reception. That way we're not setting up while people are trying to eat and converse! We allow around an hour for pack down, and we'll work with you to make sure we don't interfere with any late-going celebrations.
