WEDDING CHATS

WHAT IS WEDDING CHATS?

A professionally filmed, emotionally charged keepsake that captures what your wedding felt like.

We interview your favourite people — gently, intentionally — to create a time capsule of love, laughter, and real connection you'll return to for years.

WHY COUPLES LOVE IT:

- Voices, stories, and emotion — not just faces in a photo
- Captured by a journalist who knows how to ask, listen, and reveal real magic
- A powerful mix of heartfelt, hilarious, and unscripted moments
- The most rewatched, talked-about part of the entire wedding film

"It will definitely be something to re-watch on our future anniversaries. So much more meaningful than a guestbook. Don't even hesitate. Just book Wedding Chats today."

- Siobhan T
