

2026-2027
Weddings

Congratulations!

And, thank you for reaching out.

I understand deeply, both of your desire for an authentic and creative wedding gallery that, for the rest of your lives, will spark joyful memories of your big day.

Within the following pages are my packages and pricing, which I hope spark our conversation with you - so we can craft and tailor exactly what you would like your day to look, sound and feel like.

Why me?

Since the moment I picked up a camera, visual storytelling has had an enduring impact on me. I started capturing weddings because I discovered I could provide a mix of calmness, humour, organisation, going with the flow and the craft of being in the right moments at the right time. From fleeting candid moments to crafted moments, where you feel at ease in front of the camera.

Photography and filmmaking are not just about gear, however I've worked exceptionally hard to now shoot with flagship full frame cameras and lenses - which means you get the best photo quality possible for your wedding gallery.

I always treat it as an absolute honour when my couples choose me and my art.

The Mores experience.

Before your big day:

We have a coffee or zoom - connect with each other, we talk about what is included in packages and tailor exactly what it is you need and desire.

You receive your personalised proposal with all the information you need to make the big decision.

We lock in your date with a retainer.

You receive your couples pack, agreement and questionnaire.

We talk in the lead up to your day, whenever you need - I can give endless tips on timing, vendors and lighting!

We have a crafting catch-up in the two weeks prior to your wedding day and you receive a tailored schedule.

On the day:

After my day-before check in text, I'll see you at least 15 minutes before my start time - being nice and early means I can deal with any changes or curveballs!

From your getting ready shots to the very last moonlit image, I am your calm, organised, laughing partner.

No corny or awkward poses, just simple things that make the camera wash away and joy and fun take centre stage.

I will probably do the sprinkler on your dance floor.

You get a special photo surprise before I leave!

After:

You wake up with beaming smiles. I lovingly edit your images using film stocks that retain the colour and dynamic range of your photos.

Your smiles end up wider when you receive your gallery preview and reel 2 days later.

Your full wedding gallery will be in your inbox within 4 weeks - personalised, with low-resolution and high-resolution images for you to share, download and print as you desire.

If you chose a sustainable, timeless wedding album, it will arrive at your address shortly after.

You, your family & friends all receive 10% off any future Mores shoot!

A romantic couple is shown in a close embrace outdoors. The man, with light brown hair, is wearing a dark suit and is kissing the woman on the cheek. The woman has dark, curly hair and is wearing a white lace-trimmed dress. She is smiling warmly at the camera. The background is a soft-focus garden with green foliage and white flowers, bathed in warm, golden light.

We generally have an initial zoom, so I can take you through the inclusions and things to know about your package.

Within 2 weeks of your big day, we have our 'crafting' catch-up where we put the details of your photography schedule together. Before this, feel free to reach out about any scheduling/timing/light questions!

Just a final note. I'd be humbled and honoured to work together to create images that last a lifetime for you both.

I know just how important it is to have a photographer that is authentic, professional and passionate; someone who you are relieved and overjoyed to be able to place your trust in on the day and can create and craft exactly what you see in your vision (and possibly even exceed those expectations!). I love my job and I'd love to be entrusted with capturing your big day.
