Your Experience

WEDDING

You enjoy adventures, getting dirt on your clothes, and sitting on the beaches with a beer or homemade Gin and Tonic, watching the sunset.

You're new age romantics and wear your heart of your sleeves. You would rather sneak off to a speakeasy bar to see what crazy concoctions are being conjured up, than have a huge sit-down meal with five courses.

You know that tartan is an awesome colour, and that whilst winter is freezing, it means you get to wrap up in blankets with your loved one.

If this sounds like you, I could be the perfect Wedding Photographer for you, ready to capture every moment of emotion, joy, and tears.

Wedding Photography to me is much more than working with a camera on the day. It's about understanding your own personal story, creating stunning art to match that, and producing generational heirlooms to celebrate your love.

I love to be personal with the couples I work with, and consider many couples whom I've captured amazing friends.

All about my style

My photography style is candid, emotive, and fun.

I serve to capture things a little differently: the organic, fleeting, intangible moments. Straying from tradition, I'm not about heavily posed photographs or long-winded shot lists.

Best suited for nontraditional & creative individuals who share an appreciation for interesting surroundings, beautiful landscapes and quiet moments.

If you're excited about getting a little dirt on your dress or suit, wind swept hair and exploring some place new then we'll get along just fine!

I take a very hands off approach to wedding photography until it comes to family portraits and your special couples portraits. The feel of the photos will directly relate to the energy of the day, if your day is full of laughter and silliness – it will totally shine through in the images, just like if the day is quiet, intimate and gentle – the photos will encompass this vibe.

I believe you will want to be showing your grandchildren these remarkable moments sat with them on your lap, flipping through the pages of a generational heirloom. This is why I also specialise in creating some of the most stunning heirlooms for you both.

Engagement Portrait

SESSIONS

I always recommend that couples have an engagement session with me prior to their Wedding.

Engagement sessions are an amazing extra to get, as they firstly are the best way to celebrate the start of your adventure together, and secondly they are a chance for you to experience what it is like with me as your photographer, and see just how fun and easy the experience with me is.

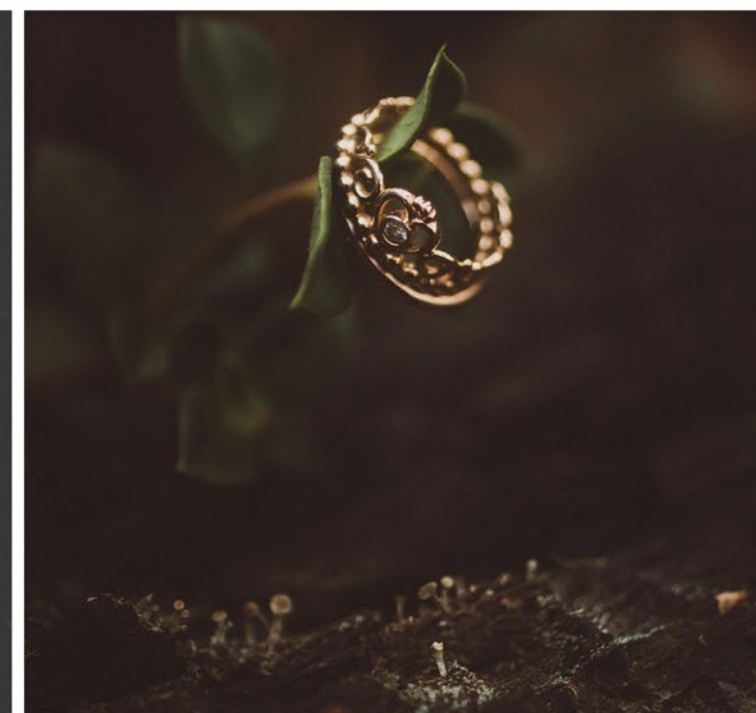

With your engagement session you'll be treated to the full Who Shot The Photographer experience, right from your engagement design session, through to your engagement portrait session, and your cinematic reveal of your images in my cosy studio.

You'll be able to choose from around 30-50 final polished images in my signature style, and you'll be able to use these for Save The Dates and other Wedding Paraphernalia.

+ ENGAGEMENT SESSION \$150

The complete boutique photography experience to celebrate your engagement.

Wall Art

COLLECTIONS

Displaying your memories at home is one of the most rewarding and beautiful ways to remember your special day.

I offer a whole host of different configurations and arrays to suit a variety of tastes, from stunning nine piece story based sets, to minimalistic three piece all-in-one-frame sets. There is something for everyone here.

Displayed opposite is one of my most popular collections, with a 30x40" print and four 14x14" square prints. You are able to customise this in any four of my art piece materials; Sustainable Australian Timber, Canvas, Contemporary Framed, or Acrylic.

This fits comfortably above a queen sized bed, or alternatively displayed on the wall adjacent to a dining table.

Part of the process and service I provide for you is an understanding of what your own decor and style is like. With this I'm happy to curate the perfect piece for you.

What's more I have intelligent software that is able to accurately scale any art pieces to a photo of the walls in your home. So before making those big decisions, you can get an exact idea of how art pieces will realistically look.

Frequently Asked

QUESTIONS

WHAT ARE YOUR PAYMENT TERMS?

I require a non-refundable booking fee of 30% of your package payment, and the remaining 70% balance paid within 30 days of your Wedding.

Payment plans are available.

WHEN CAN WE EXPECT OUR IMAGES BACK FROM THE DAY?

I usually say you will receive the images back from your big day within 4-6 weeks; if there is a delay to this I will let you know as soon as possible and give a realistic timeframe.

DO YOU USE A SKINNY TOOL/PHOTOSHOP?

I believe that we all want to live life authentically, and because of that I capture you as you are. This means no fakery, tricks, or cover up.

When you look back at these images in twenty years, you'll only see the love and incredibly feelings that you had on that day. I promise you. I do not skinny tool anyone, or use Photoshop to turn people into something they aren't.

About me

HELLO

I'm addicted to nature, great coffee, and books about birds.

I grew up in the Southern countryside of the United Kingdom, which installed into me a great love of the outdoors and nature. Some little known facts about me; I lived in the jungles of Madagascar in 2010 for six months, I don't have milk with my cereal, and my favourite past time is climbing a mountain and having a cold beer at the top of it.

Today I live in Canberra, Australia, with my partner Ruby, and two adopted Greyhounds, Carla and Alana.
