## MEET BEAU

Get to know the guy behind the lens

---

Hi, I'm Beau. A lover of all things camera related. What started as a hobby, driven by a real love for learning, experimenting, and capturing moments through both photo and video, has turned into a career. I've been lucky enough to take my passion beyond the Central Coast and been flown internationally to places like Japan and Bali to professionally capture special moments for couples and businesses.

With over 3 years behind the camera, and more than 2 years running BT Creative, I'm all about creating timeless images that tell your unique story. Whether through candid photos or heartfelt video, my goal is to capture the emotions and memories of your wedding day so you can relive them again and again for years to come.

Looking forward to hearing from you and capturing your beautiful moments.

## WEDDING DAY TIPS

---

To help the day flow beautifully, it's a great idea to gather all of your meaningful items before I arrive. This allows me to photograph them quickly and with care, freeing up more time to focus on those heartfelt, spontaneous moments as everyone gets ready and the excitement builds.

Here's a little inspiration to get you started:

- Your rings + ring box or pillow
- Jewellery and hair accessories
- Cultural or sentimental keepsakes
- Invitations, vow books, or ceremony programs
- Anything else you've put love and thought into

These small details help tell the full story of your day and I want to make sure they're captured with the attention they deserve.

---

## LITTLE DETAILS COUNT

Some couples' favourite photos are the small details captured throughout the day—rings, florals, accessories, and other thoughtful touches. These moments help tell the full story of your wedding.

If your day is simple and low-key, that's completely fine—what matters most is capturing it as it truly is.

**Tip:** Consider bringing a wooden or satin hanger for your dress. They photograph beautifully and make a lovely keepsake for years to come.

REMEMBER TO RELAX AND ENJOY THE DAY !

A full-page background image of a couple on a beach. The top half shows the back of a man's head with a woman's hands covering his eyes. The bottom half shows the couple embracing and kissing. A teal overlay covers the entire image, with the text 'OUR GALLERY' centered in the middle.

## FREQUENTLY ASKED QUESTIONS

Answers to all of your photo - related questions

---

### What makes your work different from other photographers work?

I focus on capturing the real, unscripted moments that make your day truly yours. My approach is calm and unobtrusive, I let the day unfold naturally while documenting it in a genuine, storytelling style. While I stay in the background most of the time, I know when to step in and take the lead, especially during family portraits to keep things smooth, organised, and stress-free.

It's about finding the perfect balance and capturing your the day you have invisioned it.

### How many photographers will be at our wedding?

I typically photograph weddings solo, which works beautifully for smaller or more relaxed days. However, a second photographer is available for larger weddings or if you'd like additional coverage from multiple angles—it's all about what best suits your day.

### Do you photograph elopements?

Absolutely! I do photograph elopements and small weekday weddings, depending on my availability and the number of hours you need. I have special rates tailored specifically for these intimate celebrations.

### What happens if your camera breaks?

All of my cameras, lenses, and flashes have backup gear on hand, so if anything were to happen (which is extremely rare), your day won't miss a beat. The wedding will go on as planned, and your memories will still be beautifully captured.

### Are the couples on your site models?

Nope! The couples you see on my website and social media are real clients, regular people celebrating their special day, not models.

### How do we reserve our wedding date?

To secure your wedding date, a signed contract and a 30% deposit are required. The remaining balance is due two weeks before your wedding. Payment plans are available upon request.

### We're having a destination wedding, do you travel?

Definitely! I've had the pleasure of traveling around the country and overseas to capture beautiful destination weddings. Just let me know your plans, and I'll put together a personalised wedding package that fits perfectly with your day. I'm experienced in shooting weddings away from home and happy to make your destination celebration hassle-free and memorable.
