WINDOW FOLIO BOX

Our Premium Walnut boxes are constructed using the finest materials. The base is made from MDF and is then veneered in American Walnut which is sourced from the Appalachian mountains – the best walnut growing district in the world. It's the same material that has been used for furniture in the Louvre, Palais de Versailles and Buckingham Palace!

The box features a crystal clear tempered glass window in which your favourite image can be displayed. The crystal clear nature of the glass will ensure your work is always seen at is very best. Because it is tempered glass, it is extremely tough and durable. The beautifully crafted wooden box has a luxurious soft touch material on the interior and the gunmetal hinges are both practical and stylish.

FEATURES

*A custom crystal USB that fits in the lid of the box so it's easy for you to access at any time.
*30 10X8 slip-in bevel cut mats with prints.
*You can change the window image in seconds for a completely different look.

It's all about the experience. That's why we also include a pair of white cotton gloves and a cleaning cloth with every box.
