Videographer: Sera Livori

2nd Videographer: Jamie Chan

Videography will be shot in a Documentary Style; which is non-intrusive, candid and natural.

The benefits of two videographer would be that you can capture different angles simultaneously.

e.g. The first videographer can film the groom giving his speech while the other can capture the reaction of the bride.

One videographer can film the bride arriving while the other can film the groom waiting for the bride and the guest.
