

Hello

My name is Maryke, the heart and soul behind Maryke de Villiers Photography. I recently relocated to the beautiful community of Point Cook in Melbourne with my supportive husband and delightful children. Offering an innovative blend of elegance and contemporary art, I am truly passionate about documenting life's beautiful moments. As a professional photographer with profound experience in capturing people's most special moments, I pride myself on having an observant eye for detail. What I love the most about my work, is offering people the chance to revel in the candid moments between themselves and their loved ones. I am a firm believer that photographs are time capsules, encapsulating fleeting moments and transforming them into cherished memories that last a lifetime. My approach to photography is warm and friendly. I am dedicated to making my clients feel at ease in front of the camera, ensuring they revel in their special day without any pressure.

As a keen observer, I seek out those personal interactions, those unnoticed moments and the unique details and aim to bring a sense of warmth and personal touch to each photo. It brings me immense joy to announce that I am now available to capture the beauty of weddings, engagements and proposals! Whether it's a lavish celebration, outdoors or even in the comfort of your home, I can't wait to bring your story to life with photographs that echo with authenticity and warmth. Taking photos is not just a job to me, but a passion, and I assure you that with my creative and meticulous attention, you are in good hands. I look forward to having the opportunity to document your love story through my lens. Let's create a beautiful narrative together, one that you'll cherish forever.
