Jenni + Aaron

"It's soo good! Thank you so much! It really is amazing, it had all of us sobbing!" - Jenni-Lee

Ceremony was held at St Joseph's in Subiaco
and reception at Sandalford Winery.

Jenni-Lee and Aaron's wedding was slightly unorthodox in terms of timing. With an 11am church ceremony it meant everyone would be getting ready very early in the morning and having us with our cameras set and ready to go for 9am. We managed to make it all the way to 9pm by allowing a 3 hour break in the day to give everyone a much needed rest. With guests from each side of the country in attendance, everyone was in full support of their wedding day. And such a day it was; with a formal but beautiful church ceremony in Subiaco followed by an evening at Sandalford Winery. The day will always hold such magical memories for not only the couple but all who witnessed. Congrats Jenni-Lee and Aaron!

Sophie + Callum

"Mitch from Limbo Images was amazing. He was laid back yet so professional and gave us very welcome advice on how to get the most out of our videography and photography package. Mitch was able to capture such beautiful candid moments, and helped keep us on track to ensure we got back to the reception on time. As a result we had the perfect balance of posed and candid footage and photos. I am so glad we opted for the videography- what better way to reminisce on our wedding day than to watch a beautifully curated film. I love being able to watch back over the speeches and perhaps more intriguing- the reactions. Communication was easy and everything ran smoothly. Limbo Images was the perfect fit for us and we have used them several times since." - Sophie

Ceremony and reception both held at the Stables Bar on Hay St, Perth.

It was a Sunday in the city and this was a very underrated day to get married! The circumstances gave us opportunity to waltz around the city with minimal traffic and also allowed the Stables bar to have no time limit and noise lockouts. The city provided some very unique looking lanes for the photoshoots which always look great on camera!

Shannen + Ben

"Thank you so much!!! This is absolutely incredible. We loved every minute and can't thank you enough for capturing our day for us." - Shannen

Ceremony and reception both held at
Sittela's Winery.

There were plenty of great surprises that both Shannen and Ben had for all that were there to celebrate their wedding. From Ben and his surprise acoustic love song to Shannen to the 'table dash' photoshoot, there was so much fun to be had. With just these few personal touches, the wedding was made much more memorable and had that exciting variety for the guests and us to capture on camera!

"WE LOVE IT! It is everything we hoped for and more. We are so thankful for you and your team for making such a beautiful video of our special day! We will be forever grateful!" - Taya

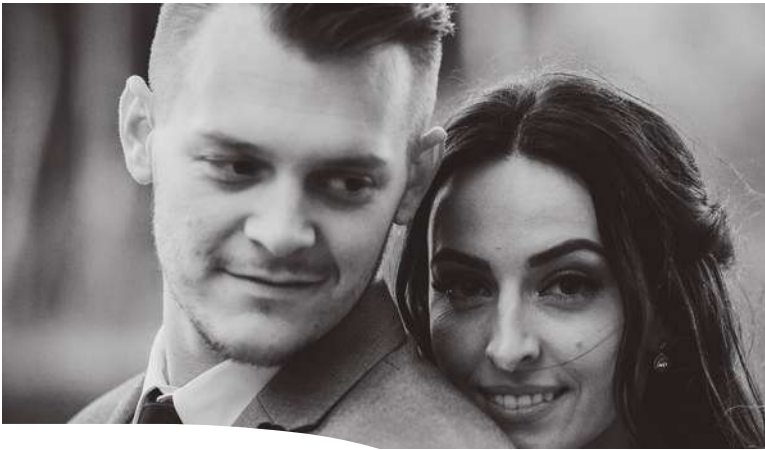

Ceremony and reception both held at
Baldivis Farm Stay.

The couple (mostly Taya!) had meticulously planned Baldivis Farm Stay to be the welcoming venue for their ceremony and reception. It was the perfect little pocket for them to have their best friends and family celebrate the day and night through with them. Their wedding video reflects the amount of fun had and warm moments experienced throughout the day. It certainly does not reflect the 42 degree weather we had, thankfully! The heat made it extra challenging for everyone, but it was absolutely worth the pain when looking back!

"Just want to thank you for the amazing work you have done with the video and photos. We have just watched/looked with our families and brought a few tears to the group! The photos are everything we wanted and the video is perfect, both are a credit to yourself & Ollies (and the rest of your teams) skills." - Samantha

Ceremony and reception both held at Eight Willows Retreat, Margaret River.

Sam, Jeorge, their families and friends nestled into a pocket of the south west called Eight Willows retreat. With a few coming from across continents and even the globe, it surely was worth it and lived up to the hype. It was a perfect spot for Sam and Jeorge to fulfill the new vows they would be taking after their long journey to get there. A warm glow filled the hearts of the guests as they witnessed the ceremony and then partied on to the reception to let their hair down (and hats on!). Any down south wedding has a special advantage of having some rare and beautiful locations for photoshoots.

"Awww this is so beautiful! You guys are honestly so talented! Thank you so so much." - Kianee

Ceremony was held at St Constantine and Helen, Northbridge and reception held at Crown Towers Ballroom.

A Greek wedding is always memorable but challenging for everyone too, as there is constantly things happening and always a huge guest list! But for any guest of Kianee and Kosta's wedding they will be overflowing with so many memories of moments of joy and heartfelt emotion. The energy did not stop from start to finish and it would be no surprise if everyone had to sleep for an entire day to get over this one!

"The photos look great and we have just watched the video and it's absolutely beautiful, thank you so much!" - Vivian

Ceremony and reception both held at the
Guildhall, North Fremantle.

Cross country wedding planning can be tough, as you can't get the feel of the places you have in mind and have to rely on your local vendors for their accounts. Fortunately Viv and Phil had trudged through it all to finally get to their big day. And once they settled into their groove they had a blast! They had a sneaky first look before the ceremony that eased their nerves before they headed onto the Guild Hall in Fremantle for the ceremony. Fremantle has that consistent charm that we can always capture on your wedding day!

**"We absolutely loved the photos and
can't wait to watch the video 1000
more times!" - Robin**

Ceremony and reception both held at the
Treasury Building, Perth CBD.

At the small but elegant and intimate wedding ceremony and reception of Robin and Steven, there was no shortage of beautiful little moments. Some of these special moments were seen across the world as they live streamed back to the UK. Having many family members unable to attend, it was a joy they were still able to be there digitally and in spirit! Robin and Steven shared an amazing day together and will now share that life as husband and wife. And that central city location has that urban style look and feel when seeing it in the video and photos.

"Yay! Thank you so much, the photos and video are amazing! Cried again!" - Kate

Ceremony and reception both held at
Caversham House, Swan Valley.

Kate & Mitch dove head first into their wedding with the main goal of just having fun. Mission accomplished. From point A to Z they were just swept away by the enjoyment of it all with tears and laughs. Along with a great band of bridesmaids, groomsmen, family, friends and their pet Rottweiler it was an epic day from all perspectives. The bonus of everything being held at Caversham house is that you can walk everywhere so no need to rush or jump into the car to get to the next stop.

Ceremony and reception both held at The
Royal Freshwater Bay Yacht Club.

Kylie and Warwick have stood up against many challenges to get to their wedding day. But this resilient couple would not be the strong and proud parents and couple they are today if not for those challenges. Backed by their close family and friends, it was a sight to see when they made it all official. The element of fun was so very present throughout the entire day and experienced by everyone in attendance who came from near and far. Congrats Kylie and Warwick!

"Wanted to send you a message thanking you for everything you guys did for us! Certainly wouldn't have been easy with our big bridal party. It was so easy and natural shooting with you guys. We'll be putting a review up on google / Facebook for you too!!" - Grayden

Ceremony and reception both held at
Riverbank Estate, Swan Valley.

Every detail that Grayden and Tegan put into their wedding had a special link to the lives of each other, the bridal party, family and friends. It just goes to show that it's all about these smaller details that makes the day more memorable. As it all goes by so quick, let's hope this is also a time capsule they can always look back on and say "that was the best day of our lives"...

"Thank you so so much for capturing our special day!!" - Claudia

Ceremony held at Macedonian Church of St Nikolia, North Perth and reception held at the grand ballroom at The Westin Hotel, Perth.

A perfectly tailored wedding from long time lovers, Claudia & James. Epicly scaled design and crafted details were a few things to leave a long lasting memory for the 265 guests who were witnesses. They had an enthusiastic bridal party to help them push through a very busy day. Busy, but so much fun! Claudia & James were all smiles and were clearly embracing their perfect day of days. It was a VERY long day for all so some strategic breaks and snacks are required to make it through to the end!

We wouldn't have any hesitation in recommending them
to anyone!" - Jackie**

Ceremony held at Sacred Hearth Catholic
Church, Highgate and reception held at the
Sandalford Winery Estate Room, Swan Valley.

It was a very memorable day for all who were fortunate to witness Jackie and Andrea exchange their vows and become husband and wife. It was very close to raining, but as Andrea put it, "the heavens opened up" for them just in time. We finished the day off at the superb Estate Room at Sandalford and danced the night away!

"Thank you so much for our beautiful video. It honestly captures our whole wedding. You guys have done absolutely amazing. You guys definitely made the whole wedding day so relaxing and made us all feel so at ease. Was so easy working with your team. And the photos and video are so amazing. Thank you so much. Definitely couldn't recommend you guys more." Olivia

Ceremony and reception both held at The
Forest Lodge, Pemberton.

Their wedding day turned out exactly as planned. But who exactly planned the wedding depends on who you ask (it was obviously Olivia!). Nestled in the always glorious looking small country town of Pemberton, there was too much to see and do at this wedding. From the gazebo ceremony surrounded by water all the way to the fun Swedish wedding inspired games that were sprung upon the bride and groom without warning. It seemed like we were all enveloped by the bubble of this wedding for the weekend and it didn't much matter what was happening outside of it.

Ceremony and reception both held at Bianca
and Fil's North Perth home.

A backyard wedding in style. Bianca and Fil had their exceptional North Perth house to host their intimate wedding ceremony and reception. They even managed to have a photoshoot at the place they first met. And making it extra special was having their daughter Agatha as a big part of their day. There are always a number of challenges when you're hosting your own backyard wedding, but lean on your vendors for their advice and they can steer you in the right direction!

Natasha & Ben have an amazing story from their beginning until now. It was great to witness how all that was leading up to their wedding day totally came to fruition. The day was amazing beyond words, and you could see and feel how Tash and Ben were loving it all. A true spectacle of a wedding, carried by an amazing couple. We also had a very low-key engagement shoot down at City Beach prior to the wedding, which is a great addition!

A great many things made this wedding particularly special. Christine and Jaden had planned a series of thoughtful and fun events on the day. From golf buggy joy rides, many choreographed dance numbers, some traditional Malaysian wedding customs to multiple dress changes. They treated all their guests to a day of delight and our delight was to see them come together in marriage. With all these special editions to the day it made it more memorable for all involved.

"OMG the sneak peak images and video we received so far are amazing, they look like the finished product already. I can only imagine they will be even better. Mitch was awesome throughout the whole day and evening. He helped us with so many tips and ideas while getting ready to make sure the images and videos come out great. We were so glad that we chose Limbo images to capture our big day and it was a very wise choice. We highly recommend Mitch and Limbo Images" - Hina

The ceremony and reception were held at
Nedlands Yacht Club.

Braving the extra hot day it turned into, Hina & Admire walked confidently loved-up into their wedding day. With all their closest friends and family by their side along the foreshore of the Nedlands Yacht Club. You couldn't ask for a better group to share a wedding with as they were all ready to witness these two commit to each other, but also ready to boogie on the dance floor! There were some very helpful vendors to held the day progress without any issues. A wedding coordinator is always a great idea! Event if it's only for a portion of the day.

The ceremony and reception were held at
Chapel Farm, Swan Valley.

From knowing this couple since before each of them met, and then following their entire story until this day was just a pleasure to witness. Many of the guests had witnessed the conception and evolution of Kelly and Alex's relationship and to see it all come together some 8 years later with all their favourites watching on. They said it was the happiest day of their lives and we can't argue! They used plenty of wedding knowledge their friends had, and even used multiple friends to be MC, celebrant and various formal jobs and tasks to ease the financial suffering! There were also plenty of animals involved in the wedding, and this venue helped cater to all those extra four legged creatures.

The ceremony was held at Kidogo Arthouse, Fremantle and the reception was upstairs at Harbourside, Little Creatures, Fremantle.

The endorsement of our photography and videography using my own wedding might seem strange, but this is a great example of how the Limbo team can pull it off. I took a back seat and watch my team work their magic and I knew they would come up with the goods. I used all my trusted vendors and everything went perfectly. It can be overwhelming when planning a wedding but with enough support from the people around you, I can turn into something so simple and remain fun!

"Thank you so much for the photos Mitch - we really love them. Thank you so much for the videos too, really impressed with them and they look fantastic." - Noelle

The ceremony was held at Hyde Park, Perth and reception was at the Pan Pacific ballroom, Perth CBD.

Nic & Noelle's lego themed wedding day was a special personal take on the lives they have had together. The very minor details had so much thought put into it and the friends and family that were there to witness even had their own personal lego-selves to take home with them! They added some eventful highlights like the 'gatecrash' as well as family tea ceremony all in a very colourful way. With so many pieces coming together for this day, it ended up being a dream come true for this couple and a story best told with all the pieces put together right here...

The ceremony and reception were both held at
Shannon's parents house in Shenton Park.

"Have a backyard wedding said the wife... It will be fun said the wife.." Famous last words of the groom Sam. In all seriousness, there was something just magical about this backyard new years eve wedding. Shannon and Sam made such an epic effort with the help of family and friends to make this day as special and memorable as possible. But what was most memorable was the obvious love and connection between Shannon and Sam. Take note; it is much harder and more expensive having a NYE wedding, but definitely possible! And given the circumstances, very exciting and one written into legend!

"We absolutely love the video and photos, thanks so much for your hard work." - Thomas

The ceremony and reception were both held at Ambrose Estate, Wembley.

Kate and Thomas had that fun warmth you get on your wedding day and kept it up all day. It rubbed off on literally everyone in attendance and was just a great sign of how close they are to the family and friends around them. Ambrose Estate hosted the ceremony and reception with a beautiful setup. There too were quite a few choice quotes from the speeches that will be imprinted on all the guests! We've had the pleasure of capturing many of Kate and Thomas's family and friends weddings throughout the years and we always make sure way pay back their love for our work with our devoted hard work.

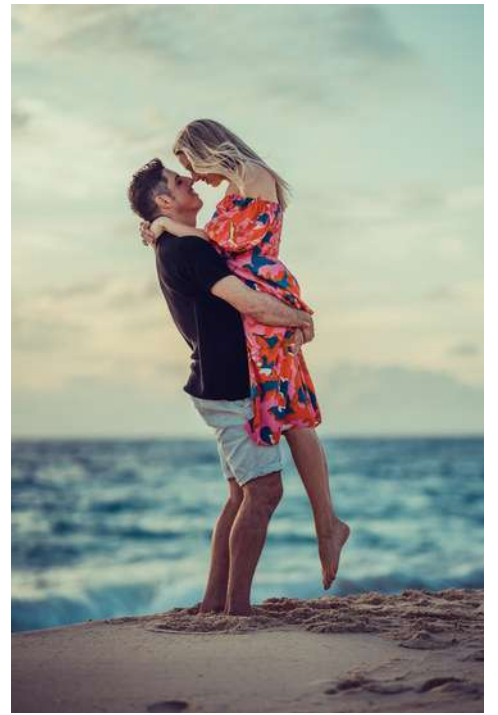

Engagement Shoots

Engagement shoots/pre-wedding shoots are a great way to get some casual shots in a relaxed environment. It helps get you acquainted with the camera and also helps our relationship and communication which in turn makes you more comfortable on your wedding day. Couples can choose their own locations, we can include kids, pets and some of the photos captured can be put on display at the wedding. It allows many great advantages mostly to warm up for the big day!

And we always try and do our best work for such an important event". Mitch believes the priority for him while at a wedding is for the couples and bridal party to have fun, and continue having fun from start to finish. "It is the best result for everyone if we waltz through the day with as little stress as possible.
