CONGRATS!!

Thanks so much for getting in touch with me about your upcoming, special day of big hugs, belly laughs and ugly cries

An abundance of starry-eyed happiness and clinking of glasses await, and I'd absolutely love to be a part of your celebrations. As a wedding photographer, I love nothing more than capturing the raw, unabashed connection between two souls, embracing exactly who you are

MEET THE

photographer

Hey guys, I'm Kevin and I want to be totally honest with you from the start - I'm not like every wedding photographer.

You already know how you want your wedding to look and feel. Tell me your goals, your dreams. Together, we can bring your vision to life. Then you can go relax knowing it's all taken care of.

Your story is uniquely yours and I'll make you feel it through the pictures. All the ones that mattered but also the moments that you didn't even know notice. Like the time when your father had a blissful moment to himself before walking you down the aisle. Or your grandma out-twerking the maid of honour!

You want someone you can trust wholeheartedly and bring you to that safe place so you can be your absolute best on what is the biggest moment of your life so far. I'm just as excited as you are and I'll do it with as much love, respect and care as I can.

Ready to plan the best day of your life?

A proud moment for me with my first wedding photography award looking snazzy!

Simplicity. Honesty. Trust. Connection.
Authenticity over perfection.

These are my core values and that's why I focus on delivering a calm, confident and relaxed experience that couples can count on to minimise the strain and maximise the joy of their wedding day.

I care about your happiness. I care about the fact you've invited me to document the most important day of your life.

And I certainly care about delivering a calm, confident and relaxed service that has your needs front and centre.

PHILOSOPHY

ON THE DAY

So what's it like having Kevin around on the wedding day?

Short Answer: You're got nothing to worry about with me around :)

Longer Answer: You'll have the best day ever marrying the love of your life, with every memory captured with beautiful photos.

I'll tell the story of your day as honestly as possible. I'll be a calming, soothing presence that you can trust.

And because we'll be so relaxed with each other by this point, you probably won't even notice me in the background as I perfectly capture the candid, emotional, authentic moments between the moments.

"KEVIN FELT LIKE HE WAS PART OF OUR FAMILY"

Kevin is an excellent wedding photographer and we had no regrets choosing him to photograph the best day of our lives!

From the moment we had our initial meeting at Kevin's home we felt right at home and instantly fell in love with his work and we had to have him on our wedding day.

Kevin also proved that he is more than just a photographer. Our friends and family were really comfortable with Kevin as he did seem like one of us – an old friend whom we haven't met in a long time.

If we could rate Kevin out of 10, we'd absolutely give him a 11!

Just like Qantas says before you take off on your honeymoon, your ~~safety~~ wedding photos are my number one priority.

Why? Because I want to make sure your wedding photos aren't lost before you can see them (sadly i've heard it happen before)

How do I keep your photos safe?

I have 2 cameras with 2 memory cards in each and backup lenses just in case anything happens.

When I get home after the wedding, I don't go to sleep until your photos are back-up-ed, and I will have 5 copies of them somewhere on this planet by the time you've had your first breakfast as husband and wife.

THE SLIDESHOW

Three weeks after the wedding, you'll receive a special treat from me. Mind if I spoil the surprise now? No? Awesome!

It will be a highlight reel of your wedding photos played with a sweet soundtrack - a surefire way to bring back all the beautiful memories of the day.

Be prepared for a few (happy) tears to roll down your faces as you relive the joy and jubilation of your wedding; it will be yours forever and - best of all - you can share it with everyone you know!

TRIPLE PASS COLOUR CORRECTION

HOW YOUR PHOTOS BECOME ART

Wondering how I get your photos to look good for a lifetime? I gave my one of a kind process a special name and called it "Triple Pass Colour Correction."

- 1) First pass. I spend many many hours looking at every photo, taking out the not so flattering photos and curate the best story of your wedding.
- 2) Second Pass. I then apply my special magic over it so your photos have that classic "warm hug feeling" that's just right
- 3) Third Pass. I painstakingly hand correct and check each photo three times, checking over everything so that it looks good for a very long time
- 4) BONUS ROUND. All of this will be done before you are back from your month long honeymoon!

*** Included in all my collections ***

ONLINE GALLERY

Six weeks after your wedding, you'll receive all of the photos via a custom online gallery, which you'll be able to access forever - any time, anywhere.

The photos will look beautiful on any device and an added bonus is that any one who wants their own prints or downloads (looking at you, mother-in-laws...) can purchase them directly from the gallery without bothering the newlyweds.

Not to mention the fact that it's a secure back-up that will keep your photos safe forever.

If a picture tells a thousand words, why do you need a videographer for your wedding as well?

In a nutshell, videos plus photos really provide the full package — capturing the movement, sounds and atmosphere from every important moment of the day, so I know it's a smart investment.

For 2023 I am offering 2 great options for videography.

The first is my NEW hybrid service where I do both — taking photos and video, either alone or with my assistant. It's super affordable yet so simple.

The second option is my full videography service with all the bells and whistles with my dedicated video team SE Creatives.

Read on to learn about them

VIDEOGRAPHY

HYBRID FILMS

If you're interested in videography but aren't sure if it's feasible, my new hybrid films could be perfect for you. I wanted to tell a better story and realised that, while photography on its own is great and amazing, I could combine it with video coverage to create a PERFECT wedding package (plus, it's more affordable than you think)!

Because it's just myself, or my assistant and I, we won't take up much room and can provide seamless coverage of your day. I've seen firsthand that large bits of equipment, like tripods and rigs, can make guests feel uncomfortable, so we avoid all that.

We professionally record all of your vows and speeches and use this as a narrative for your wedding film and then combine it with all the little snippets that we capture throughout the day

And after your wedding, you're presented with both photos and your video in the same style and vision — the best of both worlds in one neat package!

If you're having a larger wedding with a lot going on then I highly recommend adding a dedicated videographer for a small additional fee

Hybrid Coverage for \$1990

Includes a 4-6 minute highlight film with Kevin as your photographer/videographer

*** Add a dedicated videographer for \$500 ***

*** Add Ceremony recording with 1 static camera for \$500 ***

DOUBLE *coverage*

The perfect solution to cover multiple locations or big weddings.

As much as I'd love to clone myself and be in two spots at once, it's a lot easier to get extra coverage if you choose to have a second shooter on the day.

This is a particularly good idea if:

- You have a large guest list and want to make sure we get shots of everyone that's there on the day
- You and your partner are getting ready at the same time, and the locations are far apart
- You're wanting photos of the ceremony and reception styling, prior to the arrival of your guests

Basically, the second shooter will act as my wingman/ wing woman, doubling the coverage of your wedding.

We'll team up to make sure that everything is captured, from start to finish, locations far apart. Lastly, having a second shooter will ensure photos are taken of the ceremony and reception styling, undisturbed by guests.

"THE PHOTOS CAPTURE SO MUCH EMOTION"

Deciding to choose Images by Kevin for our wedding was a really easy choice.

From our first meeting, Kevin warmly welcomed us as partners to what was going to be our biggest project yet. He fitted our preferences perfectly - we didn't care too much for staged or posed photographs and emphasised our wishes for our photos to be taken in the candid/natural light.

We booked an engagement photoshoot which was fun and also heartfelt. We were lucky to get our wedding celebration in before all the COVID restrictions came into effect and the day/night could not have been better captured than by the talents of Kevin.

By the end of it, Kevin had delivered a top quality finish that has surpassed our expectations.

Every time we revisit our photos, it gives us so much joy, we almost feel like we're right back there on that special day.

FAQ

Where are you based?

I am based in Inner West Sydney, but love photographing weddings in the Blue Mountains, Southern Highlands, Hunter Valley, and even further afield to Canberra. Basically, I'll go anywhere for a wedding!

Do you photograph internationally?

Absolutely! I photograph weddings all over and this is one of the many reasons I love to photograph weddings. If you are thinking about having a destination wedding, get in touch and let's work out the finer details.

Do you photograph same-sex weddings?

A million times YES!! No matter how you define your relationship, I would love to be a part of your wedding day. And yes, I've photographed a number of them already and they were so awesome!

Do you photograph elopements?

If you and your partner want to run off and have a private ceremony, just the two of you and possibly your nearest and dearest, then I would be honored to document your intimate ceremony. Get in touch to learn about our elopement packages starting at 2 hours coverage.

How many photos will I receive?

You will receive from 600-1000 photos depending on how many hours we shoot and how jam packed your wedding day is!

Can I print my photos?

We would love you to print your photos! I love nothing more than seeing your photos printed instead of behind a screen. I have access to one of the best professional print labs in Australia who print with the best archival quality papers and canvases. They are just amazing!

However, you are able to download your photos and take them to your preferred printer that's OK too.

How will I receive my photos?

Firstly you will receive 3 sneak peeks a couple of days after your wedding. 3-4 weeks later you will receive a wedding slide to watch and relive your wedding day. 4-6 weeks and you'll receive your entire online photo gallery and print shop.

We don't want our photos on social media?

This is your wedding and if you are uncomfortable with your photos being shared on my social media platforms, I will respect that.

What happens if disaster strikes?

This has never happened and will NEVER happen. However, if it did, I have excellent contacts in the industry that will be able to step in. These are other talented photographers and business owners who will take good care of you.

FAQ

Do you have a payment plan?

Yes, we can organise to split your payments into four installments. Just let me know if this would suit you.

How long will it take to receive our photos?

It will take 4-6 weeks to receive your wedding photos. We put a lot of love and care into each image and this is why it takes us a little time to deliver your images. If you would like your photos sooner than our standard turn around time, ask about our priority option.

What if I have to cancel or move booking?

Life is complicated and the unexpected is to be expected. The deposit is non refundable as this helps to protect my business due to turning away all other booking for your wedding date. I hope you understand that deposit is insurance for my business to stay afloat in the event of a cancellation.

Do you have any vendors you recommend?

Yes, from years of experience in the wedding industry I have come to work with some of the top wedding vendors. I have listed some of the stand out vendors on my website. If you would like a specific recommendations, just reach out and I'm sure I will have some suggestions I can send you.

HOW _____ _____ to book

Here's how you can lock me in for your wedding day

Please email me at kevin@imagesbykevin.com.au with your chosen collection.

A \$1000 deposit invoice will then be issued to secure your wedding date.

Once that's locked and loaded, I'll send you a questionnaire to organise our next steps.

Want to chat further?

Send over a quick email and we'll arrange a catch-up either over Zoom or in person with a coffee (or red wine, your choice!). This will give you the chance to ask me for any further information and get a feel for whether I am the right person to shoot your wedding.

There is no obligation to book after our conversation; I want you to be completely comfortable and confident in booking me for your wedding, so they'll be no pressure from my side.

I do tend to get booked up far in advance (I only shoot 30 weddings per year to make sure I can give each client 110% attention and commitment), so if you think that we would be a good fit then it's best to get in touch sooner rather than later.

Can't wait to meet you!

xx Kev

"KEVIN MADE OUR WEDDING DAY SO CALM, EASY AND FUN"

"Kevin is one of the most amazing, effective, relaxed photographers I've ever met. Kevin made our wedding day so calm, easy and of course fun!

The weather for our day was beyond cold, but Kevin continued to have a happy smile on his face, whilst wrapped in a blanket managing to get the most perfect, natural shots.

Kevin allowed my husband and I to be ourselves and our photos well and truly show this. You are an amazing, talented photographer Kevin!
