Our Services

Full Service Planning

We'll source all vendors, a venue, manage your budget, work to get you the best prices possible, and ensure every minute detail is perfect. This is a minimum of 300+ hours before the wedding day. We also include wedding day coordination in this service.

Month-of Coordination

This is for the people who have it all sorted but want to enjoy the lead up to the wedding and need someone to manage all the final details, finalise vendor communications, and coordinate the wedding day.

Day-of Coordination

We'll be there first thing in the morning to set up your venue, breakfast, calm nerves, ensure all vendors are setting up according to your vision, set up any DIY elements, and prioritise YOU on your wedding day, not just one element or the venue.

Testimonial

”
In all honesty, Jess' overall value is much, much more than she charged us for. Her wedding coordination service to us was priceless and we are so grateful for everything she did for us. There was no problem she couldn't handle, no issue she couldn't fix. With three events and different guestlists on one day there is no way our wedding would have been as smooth without her.

Jess was INCREDIBLE! She saw the vision on my wedding and brought it to life better than I could have dreamed. She was so easy to work with and her communication about everything was so reassuring. The day of the wedding she calmed me and my girls down and assisted us with anything and everything we wanted. I would recommend Jess to everyone!
