Lasting Memories

# So, I hear you're getting married...

## Congratulations!

I'm thrilled you've reached out to me and are considering me as your wedding MC. Live entertainment and creating lasting memories has been my passion and art for 10+ years. It has put me in front of thousands of happy guests and even taken me across the world, having performed for many successful years onstage with Princess Cruises.

To be your MC at your wedding would be nothing short of a privilege, a chance to share my love of connecting audiences, inspiring laughter and excitement, and, above all, ensuring one of the most important days of your life is remembered (and bragged about) for years and years to come!

I have a little philosophy on weddings: they are what I like to call "Organised Chaos." So many elements and people coming together all at once for one big day, and often some have never even met before - hence the chaos!

This is why I believe no wedding is complete without a dedicated MC to make sure you have a stress-free and highly entertaining night of nights that ultimately celebrates YOU. That's the organised part 😊

My crazy job is to harness that chaos into something truly spectacular and forever memorable. It should go without saying but... I love it! It would be an honour to do it for you and your guests. Thank you for taking the time to consider me as your MC, I look forward to hearing from you soon and I wish you all the best!

**Sincerely,**

*We wouldn't fault anything about Nathan's service leading up to the event and once the big day came. All our guests were raving about the MC throughout the night and thereafter. We are so glad that we decided to hire a professional MC because they have experience in not only running the event but keeping guests engaged - which is the biggest task!*

*"It would be safe to say we wouldn't have put our wedding together as smoothly as we did without him. Nathan went above & beyond for us & we'll be forever grateful. Even though we had only just met it felt like we had known him forever, he brought such a homely vibe to the wedding & managed to fit in everything we asked for. Plus more!"*
