Ceremony Locations

Watergarden Amphitheatre

The Water Garden Amphitheatre is the most secluded of our Ceremony locations. Near the entrance to Mayfield Garden, the Amphitheatre features a stone tunnel entrance, theatre style seating and access to power.

Something Blue Stone Bridge

In a secluded grassy lawn, surrounded by trees and bluestone garden beds, this location is our “something blue” location. Just around the bend from the iconic Bluestone Bridge, this location is central to the Water Garden and seats 80. A beautiful complement to the dogwood, tulips, camellia, azaleas, rhododendrons and birches, the hand-laid, bluestone features provide your “something blue.”

Ceremony Locations

Obelisk

This location near the entrance of Mayfield Garden can only be described as epic. It features the 12.5-metre Obelisk Pond and Allée of London Plane trees and the towering spray fountains. This location is a favourite spot for couples wanting to leave a lasting impression.

Watergarden Cascade

In the centre of the Water Garden, the Cascade location is very romantic. Surrounded by sparkling ponds, the area is a luxurious grassy spot with the breathtaking cascade. The bluestone staircase, flower beds, birch trees means this location needs little to no additional decorating. With seating for 60 (standing for an additional 20), this is the ideal location for a smaller and intimate wedding.
