A photograph of a modern building facade at night. The building features a prominent, illuminated blue perforated metal screen that filters light, creating a glowing effect. The facade is composed of several vertical panels that are slightly offset from each other, creating a sense of depth and movement. The word "ALENCIA" is overlaid in the center of the image in a large, white, stylized font. The letters are composed of multiple parallel lines, giving them a three-dimensional appearance. The background is dark, and the overall scene is lit with a cool blue light. The foreground shows a dark, paved area with some faint lines, and a few small trees or bushes are visible near the building's base.
