EVENT PACK 2026

WELCOME TO CERES

A place to fall in love with the earth again.

A truly unique place, CERES Park is a sprawling 10 acres of greenery in the middle of urban Brunswick East. Nestled in a bend alongside the Merri Creek, you'll find the peace and quiet of the country just a few tram stops north of the city.

We are a not-for-profit who reconnects people to each other and the Earth - developing the practical skills, knowledge, leadership qualities and community resilience that will be needed in the coming decades. We do this in many ways: through educational experiences, regenerative urban farming and social enterprise.

All profits are reinvested back into our community work. By holding an event at CERES you're supporting our work and helping create a better future for all.

CERES

CATERING PACKAGES

OUR MENU

CERES is home to a thriving food system including urban farms and a bakery. Our menu reflects this and changes regularly in line with seasonal shifts.

Some things that never change:

ORGANIC We choose organic ingredients wherever possible, prioritising food grown with care for soil, people and ecosystems.

LOCAL We source ingredients from our own farms just down the hill, or from local suppliers who share our ethos.

SEASONAL We love the challenge of adapting to what is in season and at it's very best right now.

VEG FIRST Dairy & meat are only supporting actors in our kitchen, never the star.

WASTE NOT We take care that no food goes to waste. We experiment and innovate to make use of every part. Anything unusable is composted onsite and goes right back into the soil.
