

# CENTENNIAL PARKLANDS

WEDDINGS

Centennial  
Parklands

Retreat into nature  
at Sydney's iconic Centennial Park,  
a green oasis just 10 minutes from the CBD.

Beautiful gardens, open lawns and wooded groves  
provide timeless settings for wedding ceremonies,  
receptions and photography.

Centennial Park is the perfect backdrop  
to your special day.

## CEREMONY LOCATIONS

### Rose Garden

Rose Garden's flower beds and towering palm trees create an intimate atmosphere for your garden ceremony.

Rose Garden's floral displays are subject to seasonal variation. Please note that the maximum number of guests permitted is 150.

### She-Oak Grove

Surround yourself with majestic She-Oak trees that dapple shade across the grass underfoot. The site is punctuated by a large fig tree, whose bowing branches perfectly frame your ceremony.

This elevated spot is close to Paddington Gates and Centennial Homestead.

**Paperbark Grove North**

An icon of Centennial Park, Paperbark Grove is a spectacular avenue of grand paperbark trees planted c1899. The wedding ceremony site is at the northern end of the grove, offering level ground and plenty of shade.

### Between Willow Pond & Duck Pond

Enter through two palm trees and find a natural aisle leading to a hidden grassy area between Willow and Duck Pond.

This peaceful site features the perfect fig tree to be married under and sweeping vistas across the ponds.

### Busbys Promontory

On the banks of Busbys Pond you'll find soaring palm trees, lawns, beautiful garden beds and a grand column. Rows of trees provide privacy for you and your guests.

The promontory is a short walk to Centennial Homestead, and is close to some of our most popular photography spots.

### Pine Grove

Envelop yourself in nature in Pine Grove, where a dense cluster of pine trees form a wild and natural landscape with sunlight dancing on the forest floor. With limited availability throughout the year, this fairy tale-like landscape is one to secure early.

**Between Lily Pond & Duck Pond**

A picture-perfect setting, Lily Pond boasts an ornate white footbridge and a towering canopy of paperbark trees. The area is home to purple swamphens and black swans and offers ample shade.

“Spectacular trees,  
flawless customer  
service, and even a cool  
breeze on the day...  
what a special place!”

**One More Shot Pond**

Grassy banks and a pond fringed by willow trees paint a relaxing and inviting backdrop for an outdoor wedding. This area has direct access from Musgrave Avenue and plenty of shade.

### Column Garden

Flower beds, lawns and hedges create grandeur in the heart of the Park at this popular garden area. A magnificent sandstone column dating from 1890 elevates Column Garden's beautiful backdrop.

Column Garden's floral displays are subject to seasonal variation.

## RECEPTION VENUES
