# Before the wedding

Every wedding is unique, and that's exactly how I approach each one. Before your big day arrives, we'll take the time to get to know each other and map out everything so that you feel completely confident and relaxed.

We'll schedule a pre-wedding meeting (in person or online—whatever works best for you!) to chat through your timeline, locations, and everything in between. Whether you've already got a vision in mind or need guidance, I'm here to offer support and tailor the photography experience to suit your needs.

Have a dream location for portraits? Need vendor referrals or timeline advice? I've worked with some of the best in the industry and am happy to share trusted recommendations to help the day run smoothly.

We'll also go through your chosen package and talk about any custom add-ons you might need—extra coverage, second shooter, drone footage—you name it. I want to make sure nothing gets missed and that the experience is perfectly suited to your day.

Don't worry about the small stuff—I've got you. From how long photos typically take to when the best light hits for portraits, I'll help plan it all out. Plus, I'll stay in touch with your planner and other key vendors where needed, so everyone's working together seamlessly.

If you ever have questions or ideas, I'm just a message away. This is a collaboration, and I'm genuinely excited to create something amazing with you.

# Timeline Advice pt1

A well-thought-out timeline is the key to a smooth, stress-free wedding day—and photography plays a big part in that! While every wedding is different, here's a general guide to how much time we'll typically need to capture each moment without feeling rushed.

## 📷 Getting Ready – 60-90 minutes

This is when the story begins. We'll capture your details (dress, rings, invites), candid moments with your bridal party, and the final touches before heading out.

## 👁️ First Look – 15-20 minutes

If you're doing a first look, it's a beautiful, intimate moment that also allows us to get a few portraits done early, giving you more time to enjoy the day.

## 💍 Ceremony – 30-60 minutes

Ceremonies vary, but we'll be there to discreetly capture every emotional glance, vow, and first kiss.

## 👪 Family Photos – 20-30 minutes

We'll work through your pre-prepared list efficiently so no one's standing around too long. Having a helper from each side to wrangle family can be a game-changer!

## 👰 Bridal Party Photos – 20-30 minutes

Fun, relaxed, and a little bit stylish—this is where we capture all the energy of your crew.

## 💑 Couple Photos – 30 minutes

This is your time to soak it in together while we create those timeless, romantic portraits. We can split this into two shorter sessions (earlier and golden hour) if the timeline allows.

# Timeline Advice pt2

## Sunset Photos – 10–15 minutes

Golden hour magic! We'll sneak out for a few minutes to grab soft, dreamy light—some of the best images of the day often come from this.

## Reception – 45 minutes - 2 hours

We'll capture key events like entrances, speeches, and candids as the night unfolds. If you're doing formalities early, we may also document the fun dance floor vibes later on.

## Cutting the Cake & – 5–10 minutes

## First Dance – 5–10 minutes

## Speeches – 20 to 30 mins

If you're having speeches during dinner or as part of your reception timeline, it's helpful to allow at least 5–10 minutes per speaker. We'll work out the best time for them, and I'll be there to catch every reaction and emotion.

## Travel Time

If your day includes multiple locations (like getting ready in one spot, the ceremony elsewhere, and a reception venue), we'll build in travel time between each to make sure nothing feels rushed. I always recommend factoring in a buffer—just in case!

# On the day

Your wedding day has finally arrived—and now it's time for you to soak up every moment while I quietly capture the story as it unfolds.

From the first swipe of makeup to the final dance, I'll be there to document all the big emotions and the little in-between moments that make your day truly yours. My approach is calm, supportive, and unobtrusive—I'll gently guide you when needed but also know when to step back and let things happen naturally.

We'll follow the timeline we've created together, but know that I'm flexible. Weddings rarely run perfectly to schedule, and that's okay! Whether we need to shuffle things around or steal a quiet moment for sunset portraits, I'll adapt in the moment so you don't have to worry.

Throughout the day, I'll also work closely with your planner, coordinator, or vendors to make sure everything runs smoothly behind the scenes. You can trust that I'm always thinking ahead—whether it's finding the best light, scouting locations for couple portraits, or prepping for those key moments like your first dance or cake cutting.

I want you to be fully present—with each other, with your people, with the day you've planned so beautifully. Leave the rest to me.
