THE HEART OF
M E R C U R Y

Hello Hello!! I'm Georgie Ridley

As a woman in this industry, I bring a unique perspective and energy that's grounded in genuine care, creativity, and a deep understanding of the magic in the little things. It's an honour to be trusted with preserving the most precious memories of your special day, and I approach that responsibility with strength, compassion, and authenticity.

I believe that powerful images come from a place of connection and emotion. My goal is to make you feel seen, heard, and celebrated, creating a space where your love story can unfold naturally and beautifully. Being a female photographer gives me an intuitive sense of the details that matter most: the sparkle in your eyes, the way you hold each other, and the energy that fills a room when love is in the air. My mother taught me to see the world with an eye for the extraordinary; the subtle beauty, the vibrant energy, and the magic that others might overlook. I weave that sense of wonder into everything I create, bringing a uniquely feminine touch that can't be replicated.

Every couple has a unique story, and I'm a firm believer in fate, your journey deserves to be honoured and celebrated. Together, we'll craft a visual legacy that reflects your love, your life, and the magic you bring into each other's world.

Thank you for considering me to be part of your unforgettable day. If you're ready to capture your love story in a way that's bold, heartfelt, and infused with a touch of feminine magic, let's embark on this extraordinary adventure together and create something truly remarkable

*Georgie

OUR STYLE

EDITORIAL + FINE ART + DOCUMENTARY

WITH OUR STYLE AND TECHNIQUE; HERE'S WHAT MAKES US DIFFERENT

QUALITY OVER "CHEAP":

We know budget matters, but so does getting it right. With us, you'll get photos that feel real and are delivered within a month. No cutting corners, No Outsourcing, just quality you can count on.

PERSONALISED PREP:

We want to understand your style before the big day. That's why we'll create a mood board together to make sure we're on the same page. Your photos should feel like you, and we're here to make that happen.

NO SECRETS:

You'll see every photo we take on the day, nothing's hidden. We believe in keeping things open so you feel comfortable and involved. Many photographers keep you out of the loop, but we're all about transparency.

YOUR FEEDBACK MATTERS:

If there's a shot you don't love, let us know. We're not just here to snap and leave; we genuinely care about what works for you, and we'll use your feedback to make your vision even stronger.

EXPERIENCED, LIKE-MINDED TEAM:

Our team isn't just skilled; we're all creatives with 5+ years in the industry or a background in the arts. We bring our experience and our passion to every shot, so your photos feel as special as the day itself. So you can count on nothing going wrong on your wedding day

YOUR INVESTMENT

Relive the magic of your story, every glance, every laugh, every detail captured and crafted into timeless treasures you'll proudly share for generations.

At Haus of Mercury, we offer more than wedding day coverage. We create experiences across genres, each designed to reflect your unique story:

Engagement Sessions – styled and cinematic, not just documented.

Boudoir & The Little Black Book – intimate, playful, unforgettable.

The White Set – our elevated take on the “photo booth.”

Wedding Day Photo & Cinema – every moment, captured with intention.

Content Creation – social-first snippets for instant sharing.

Disposable Camera Fun – nostalgic, candid frames with a vintage edge.

Home Video Vibes – raw, real, perfectly imperfect.

And more... tailored to you.

Because your story deserves to be told in every way you want it remembered.

ENGAGEMENT

At Haus of Mercury, we offer engagement sessions that are styled and intentional not just a photoshoot, but a chance to tell a story about who you are together. From mood boards to shot lists, we'll shape a narrative that feels like it belongs in a film.

We also capture engagement parties, blending in with the celebration while highlighting every candid laugh, heartfelt speech, and dance floor moment. Whether it's an intimate dinner or a grand celebration, we preserve the energy and emotion so you can relive it long after the night ends.

“A secret 2.5-hour shoot turned into the most daring wedding gift you’ll ever give.”

Before we even pick up a camera, we’ll have a Zoom call or meet-up where I get to know you. Together, we’ll design an intimate set around your personality and desires; inspired by the golden age of intimate editorials, when every shoot had its own theme, mood, and story. Does your partner love a certain vibe or aesthetic? We’ll weave that into the concept, curating the entire experience so it feels personal, bold, and unforgettable.

From there, we move into a customised length, styled & curated photoshoot, creating a playful, cinematic narrative that captures your most confident, sensual side.

Once complete, we craft a luxurious black album filled with those images, elegant, alluring, and completely personal. And yes, we also create sexy Polaroids from your session. You’ve seen the TikToks of brides slipping their partners cheeky Polaroids on the wedding morning? This is where you get those. Little surprises that spark excitement, laughter, and butterflies all day long.

We’ve teamed up with Georgie’s sister company, Adam Blamed Eve, to bring you an unforgettable experience. This is for all genders and is always created on a closed set; meaning only one or two trusted professionals are present at any time. With Georgie’s experience photographing people at every level of intimacy, your shoot will be carefully curated around your comfort, your boundaries, and your story.

Whether bold or subtle, playful or powerful, this is your space to express yourself freely and walk away with something truly one-of-a-kind.

THE WHITE SET

THE ELEVATED PHOTOBOOTH

Forget the cliché photo booth!

This isn't a box in the corner. It's a cinematic set. The White Wall is a seamless, architectural backdrop that transforms fleeting moments into editorial portraits and timeless art.

Why it stands apart:

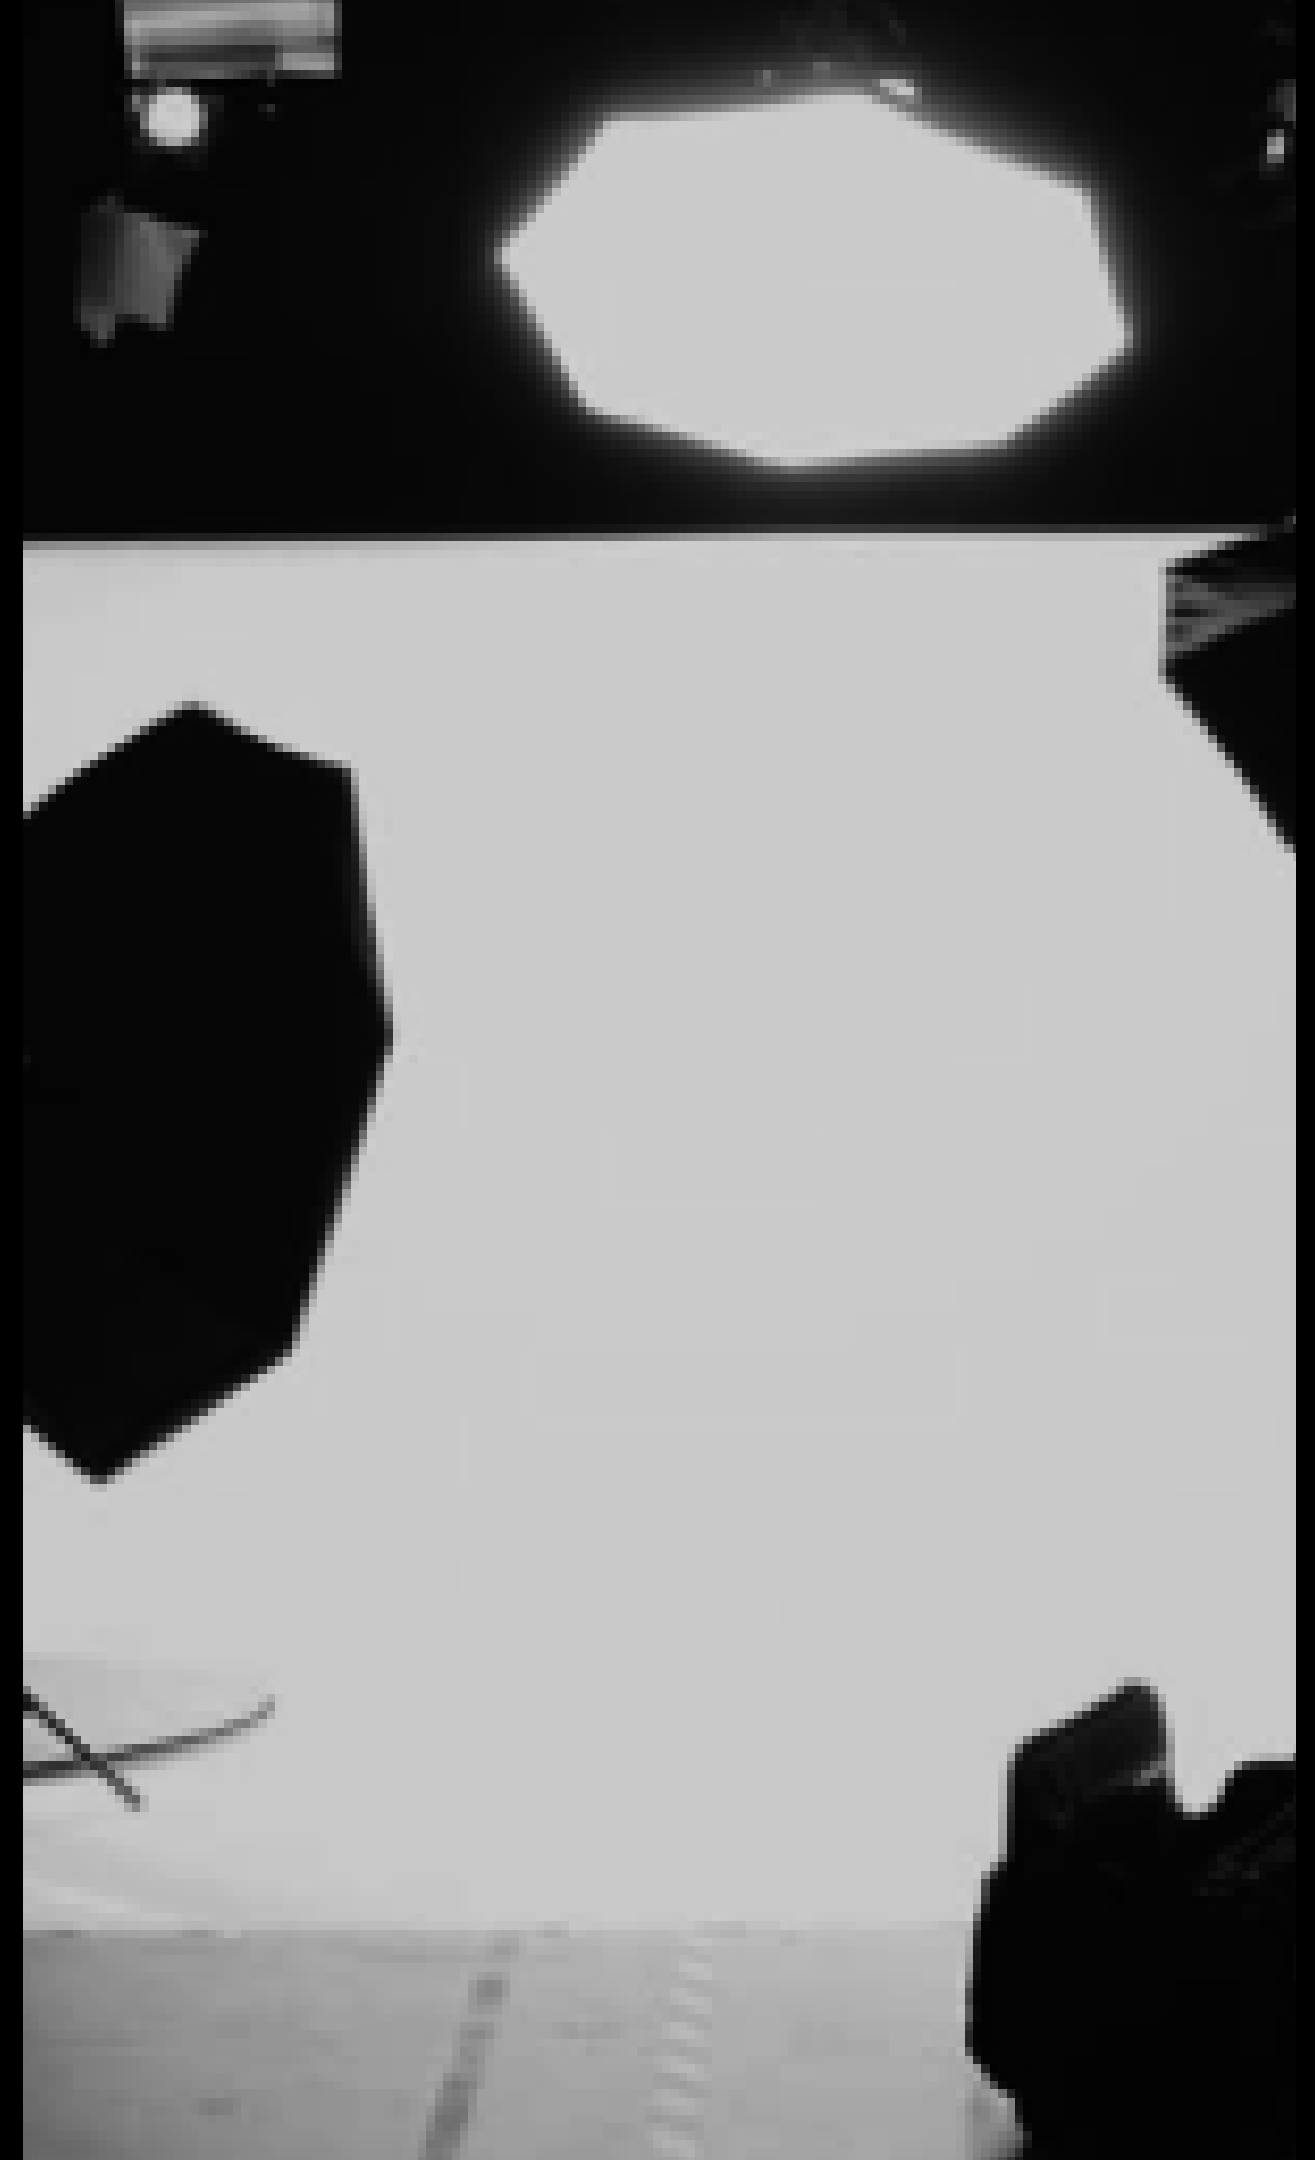

- Architectural Presence: Clean, minimal, and modern; an installation that becomes part of your venue's design.
- Editorial Imagery: Guests step into full-scale frames with cinematic lighting and refined direction, not cramped strips.
- Luxury Standard: Every image is captured on professional cameras with studio lighting, producing gallery-worthy portraits instead of disposable snapshots.

The White Wall turns your celebration into an editorial showcase, where every guest is part of the story. and every photograph feels intentional, modern, and unforgettable.
